## Narrow web production advantages - Create custom made products and reduce inventory!

Why continue to buy more product than you need? By using our narrow web program you can purchase as little as 1250 yards of 6" tape, slit to your specifications. Our "mini" rolls are 85% less material than a "parent" roll plus narrow web production offers printing up to 6 colors- providing you with a huge selection for custom colors and customer copy printing.
